

PDF Test Document

This is a test PDF file created to verify our document processing system's capabilities. The document contains various formatting elements to ensure proper text extraction.

Testing Requirements:

1. Accurate text extraction
2. Proper handling of line breaks
3. Special character support
4. Multi-page processing

Additional test content to verify multi-page extraction.

Include some numbers: 123, 456, 789

Include special characters: @#\$%^&*()

Include different languages: español, français, deutsch
